

Camp Flockworks Sliding Scale Tuition Guide

How We Determined the Tiers

Camp Flockworks is dedicated to making summer camp accessible while remaining financially sustainable. Our tiered pricing model is based on the Federal Poverty Level (FPL) and adjusted for Fort Bragg's cost of living. This sliding scale allows us to offer meaningful discounts while ensuring camp viability. Full-price enrollments and donations help expand access for lower-income families

Step 2: Select Your Price at Registration

When you register, select the corresponding camp fee based on your income tier. A deposit will be required at the time of registration, with the full balance due by May 15.

Step 3: Income Verification (For Tiers A-E Only)

If you register in Tiers A through E, submit income verification documents (such as tax returns or pay stubs if no tax records exist). Families in Tier F (full price) do not need to submit income verification.

Step 4: Limited Tier Availability

Sliding scale spots are first-come, first-served, with limited availability in each tier. If a tier is full, you can either register at a higher tier or join the waitlist.

Step 5: Expanding Access

We will monitor registration data and adjust tier availability based on demand and financial support.

Financial Assistance & Payment Plans

If you need additional financial support, we may be able to provide extra assistance beyond the sliding scale as funding allows. We also offer payment plans to help spread out the cost of camp tuition.

Help More Kids Get to Camp

Consider donating to our scholarship fund. Every contribution helps open more spots at lower tiers, ensuring that more children can experience the joy of camp, regardless of financial circumstances.
